This booklet is a summary of the legislation affecting municipalities that was enacted at the First Session of the Thirty-Third Legislature of the Province of Ontario.

This booklet has two functions. First, it summarizes that legislation which is considered to be of particular interest to municipalities. This summary is prepared for the purpose of convenience only. For accurate reference, please consult the actual Statute.

Second, all amendments to those Acts included in the Ministry's publication, Legislation for Ontario Municipalities, are listed by section or subsection number. These amendments are either minor in nature, or do not directly impact on municipalities. For additional information, please consult the actual Statute.

1. **Gypsy Moth Control Programs:** The Act is amended by the addition of section 225a which permits the councils of counties to pass by-laws to establish and operate aerial spraying programs designed to control actual or potential infestations of gypsy moths.

The spraying must be carried out under contract by a person licensed under Ontario Law to conduct the spraying.

The county council may enter into agreements with owners of land for spraying the land. The county's costs must be paid by the owner prior to the commencement of spraying.

Where the agreement concerns land of which a tenant has possession, the agreement cannot come into force until the tenant concurs with the agreement.

The amendment empowers a county council and the Minister of Natural Resources to enter into agreements, subject to the terms and conditions of the agreement, for the indemnification of the county by the Province of Ontario for all damages and costs of proceedings resulting from spraying programs established under this amendment.
